

Mr. Sandman. Bring me a dream (bum, bum, bum, bum). Make him the cutest...yeah, yeah, yeah.

If you travel in your car at the speed of light and you turn your headlights on, will they work?

Why is it a penny for your thoughts, but you have to put your two cents in? Somebody's making a penny.

1. What does Lincoln propose to do with slavery? Why?
2. What does Lincoln mean by saying the "Constitution of the United States is perpetual?"
3. How many states does it take to rescind the Constitution? According to Lincoln, did the United States exist before the Constitution? Why?
- 3.5. Did Lincoln believe the states actually left the Union? By forcing them back into the Union, what is he simply doing (something to do with his job maybe?)?
4. Will Lincoln force federal officers to go to work in dangerous conditions? Why or why not?
5. Does Lincoln believe any provision of the Constitution been denied to anyone?
- 5a. What happens if the minority forces the majority to acquiesce?

6. Anarchy (the absence of government or authority) stems from the minority ruling the nation. How?

7. The people have a right to amend or overthrow the Constitution. Why does Lincoln believe the southern states cannot leave?

8. In the end, who is ultimately responsible for the Union's preservation?
