Book Salesman: "This book will do half the work for you."

Editor: "Thanks, I'll have two."

"Beat it," said the Senior, as he hit the Freshman on the head with a spoiled egg.

Confucius says: "It is better to have halitosis than no breath at all."

Mr. Hall: "Nita, you can't sleep in my class."

Nita: "I guess you're right, coach, but I could if you didn't talk so loud."

Minister: "My mission is to save men."

Dorothy and Florence: "Then save some for us, will you?"

Let the other fellow talk occasionally; you can't learn much by listening to yourself all the time.

Good: "Do you use fertilizer on your strawberries down south?"

Hand: "No, we use sugar and cream just as you do up here."

It is remarkable how much patience a man can have with a woman, if he isn't married to her.

Out of curiosity a farmer had grown a crop of flax and had a tablecloth made out of linen. Some time later he remarked to a visitor at dinner:

"I grew this tablecloth myself."

"Did you really?" she exclaimed.
"How did you ever manage it?"

It was plain she had no idea of how tablecloths came into being, so the farmer lowered his voice mysteriously as he replied:

"If you promise not to give the secret away, I'll tell you."

The guest promised.

"Well," proceeded the farmer, "I planted a napkin!"
